PROJECT DOCUMENTATION

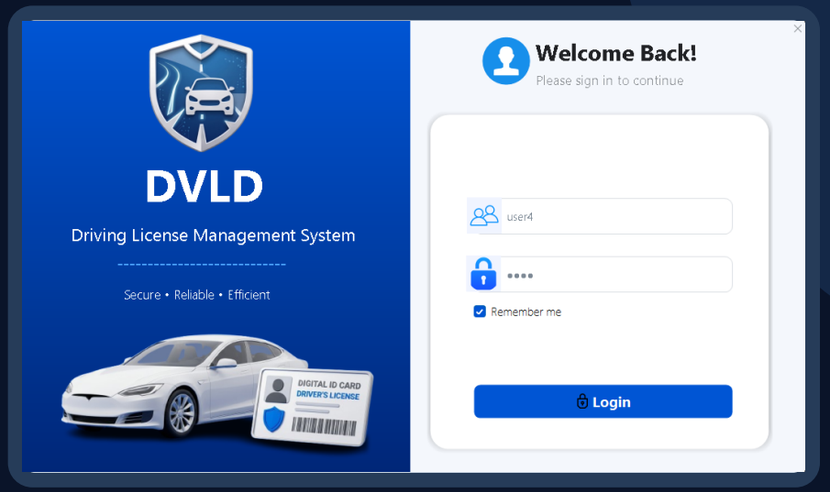

DVLD

Driving License Management System

APPLICATION SCREENSHOTS

APPENDIX B

A visual walkthrough of the desktop application

C# / WINDOWS FORMS / SQL SERVER

VISUAL CONTENTS

Inside the application

Eight representative screens across the DVLD workflow.

01 **Authentication**
Secure system access

02 **Main workspace**
Primary navigation hub

03 **People management**
Centralized person records

04 **Driver management**
Driver records at a glance

05 **User management**
Account administration

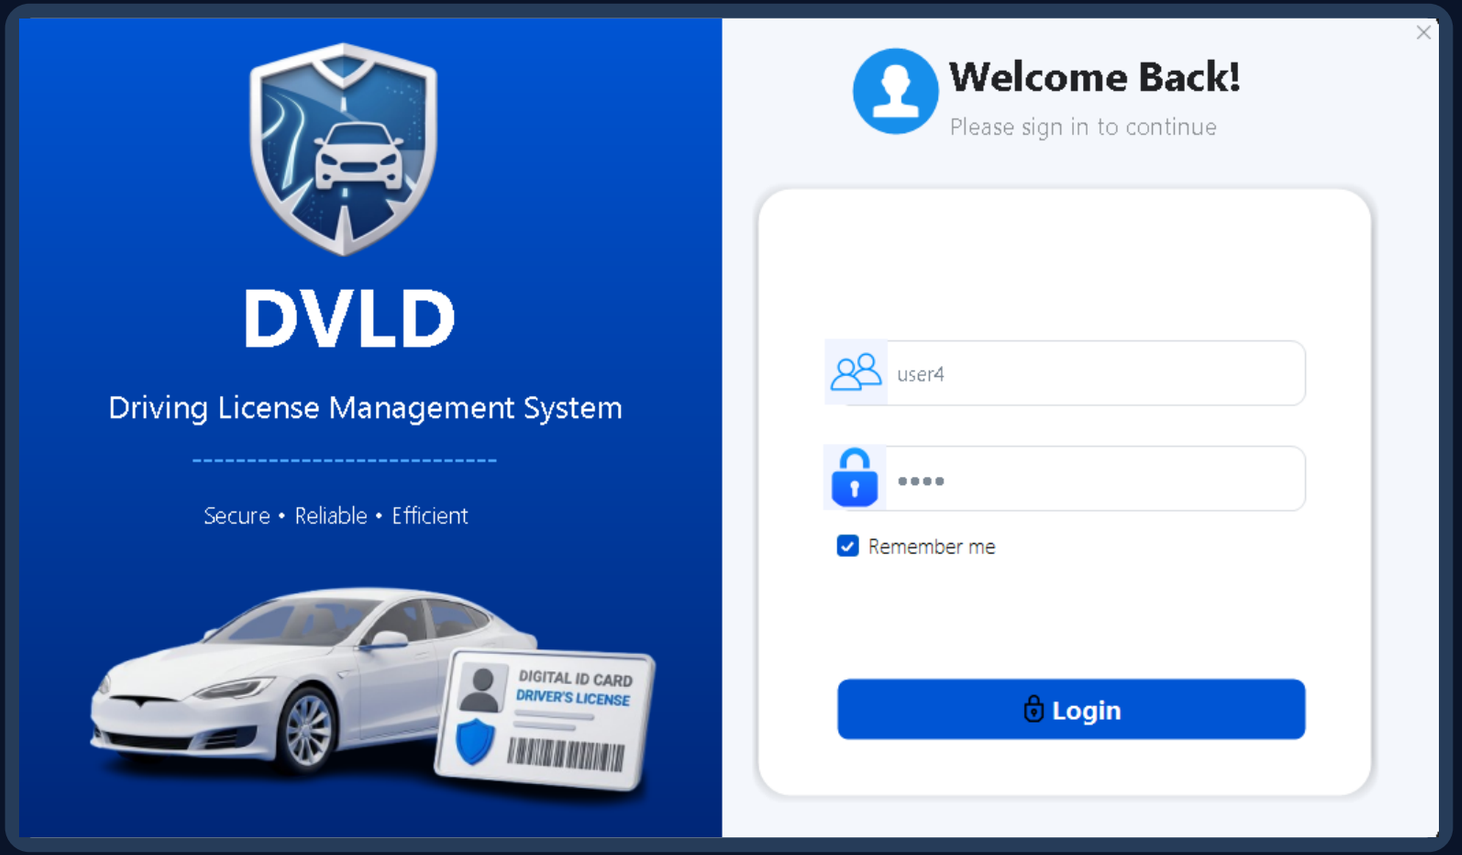

06 **Local license applications**
Application tracking

07 **Applicant information**
Identity-first workflow

08 **International licenses**
Cross-border license issuance

Authentication

Secure system access

Login screen with username, password, and a remember-me option.

Main workspace

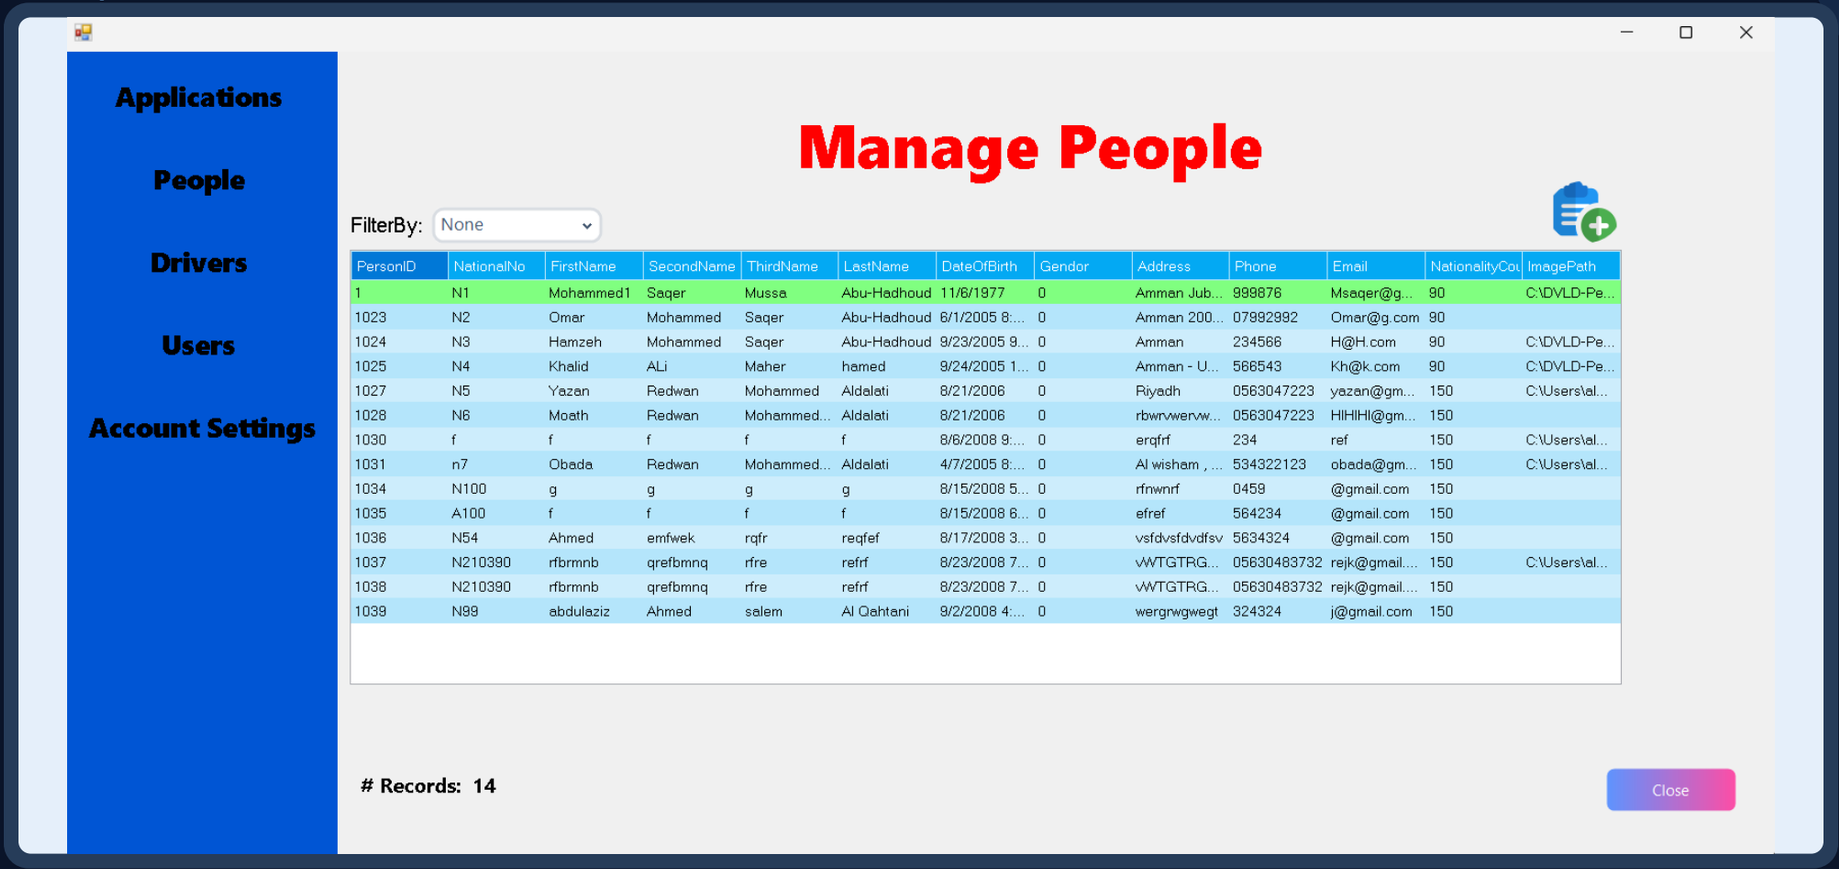

Primary navigation hub

Application landing screen with navigation to key management modules.

People management

Centralized person records

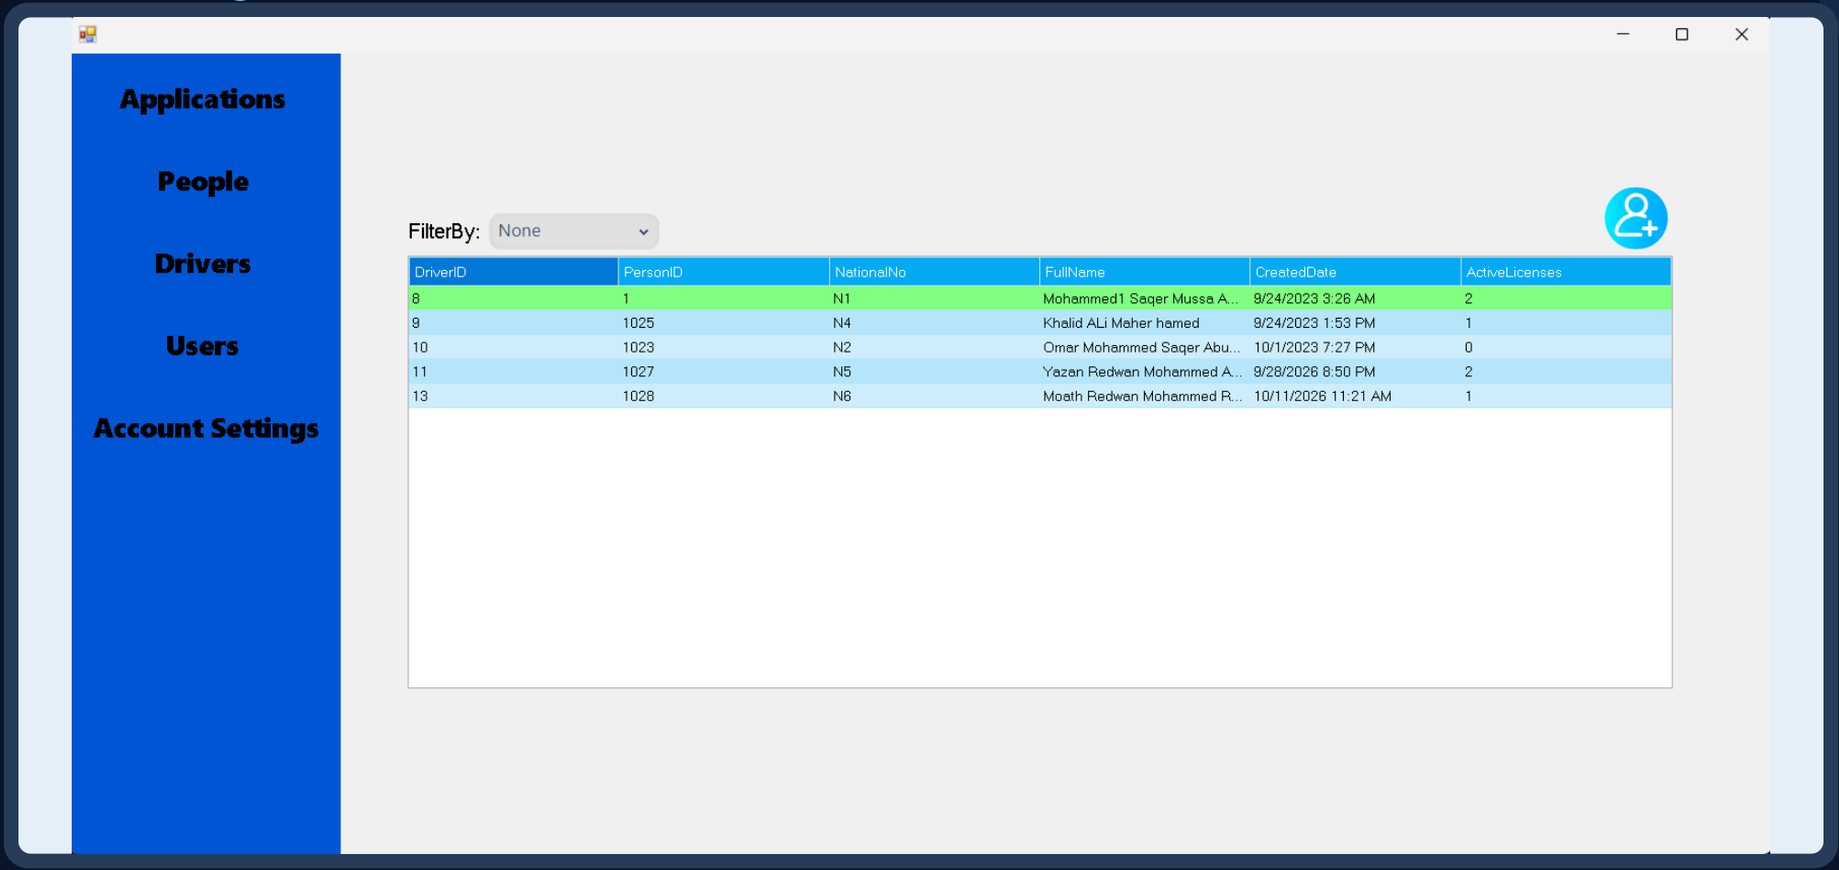

PersonID	NationalNo	FirstName	SecondName	ThirdName	LastName	DateOfBirth	Gendor	Address	Phone	Email	NationalityCou	ImagePath

Searchable registry presenting personal identification and contact details.

Driver management

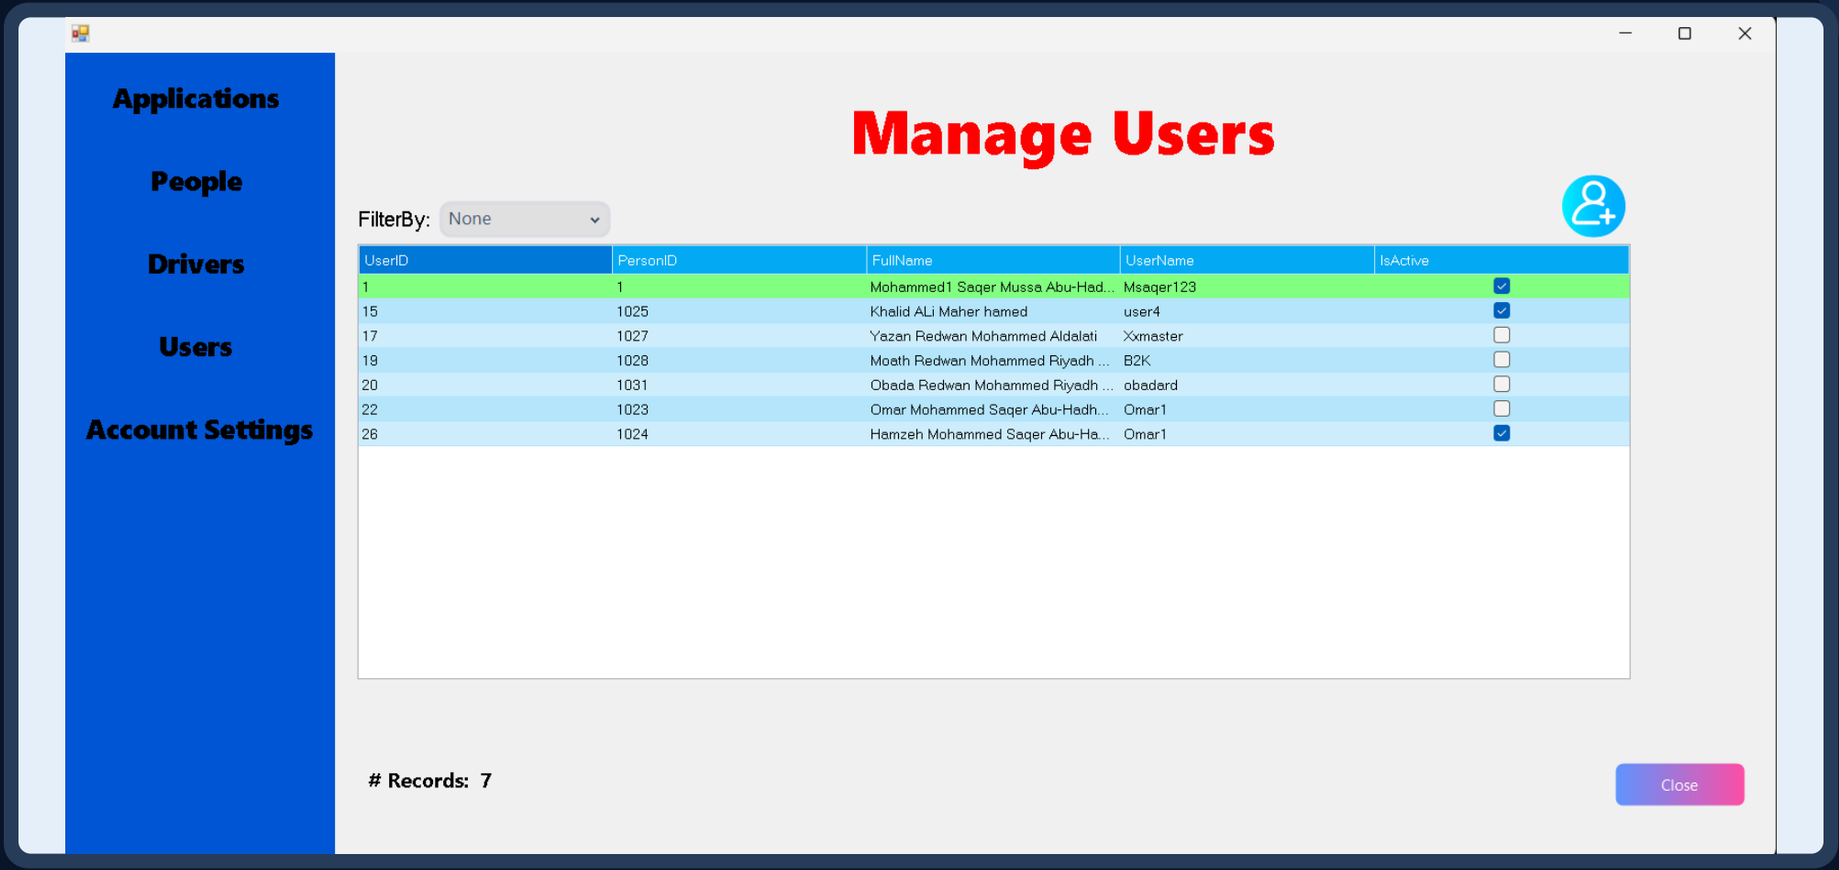

Driver records at a glance

Directory of registered drivers and their active-license counts.

User management

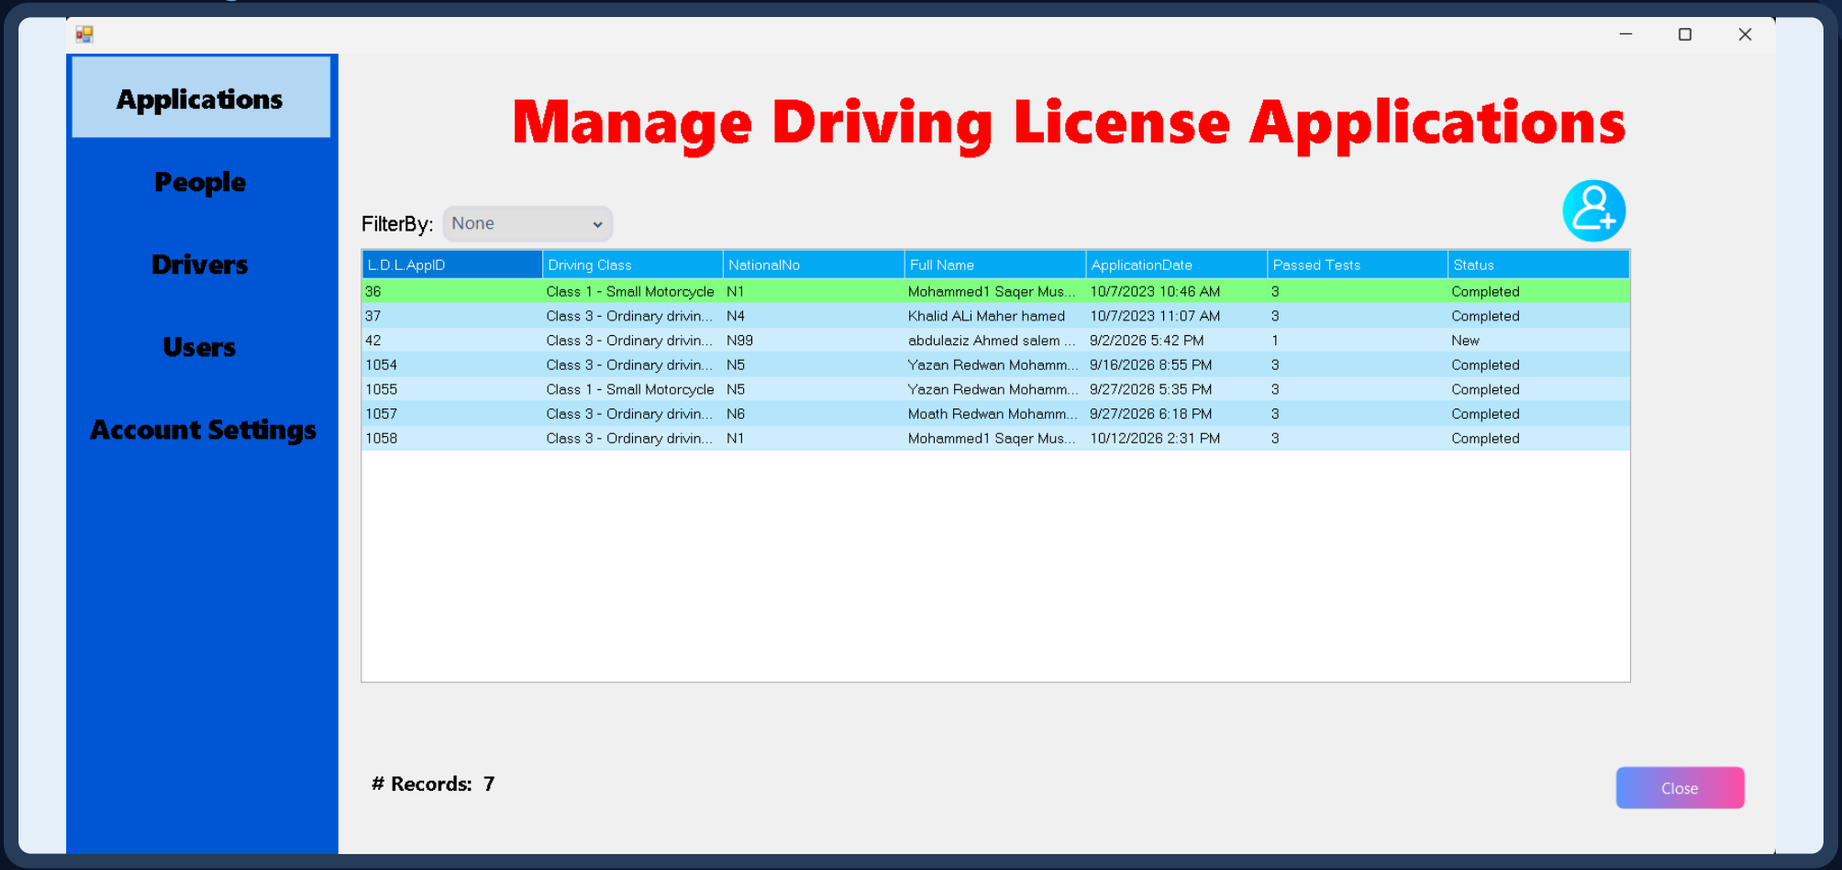

Account administration

User directory showing linked identities and account activation status.

Local license applications

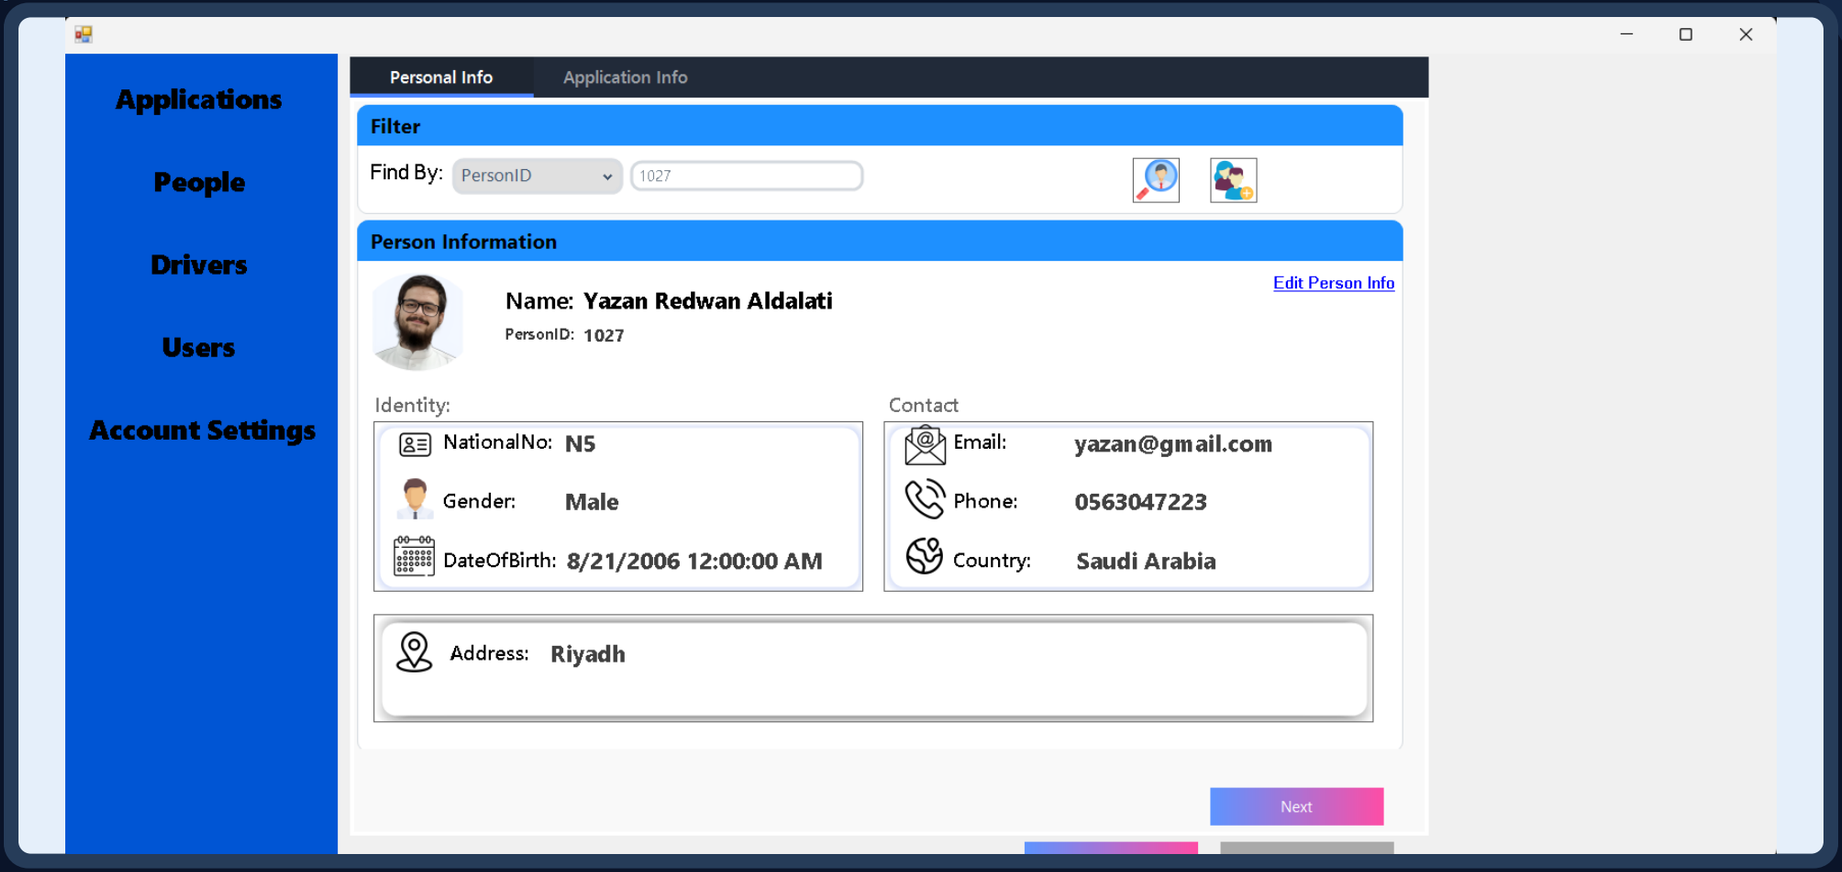

Application tracking

Overview of driving-license applications, test progress, and status.

Applicant information

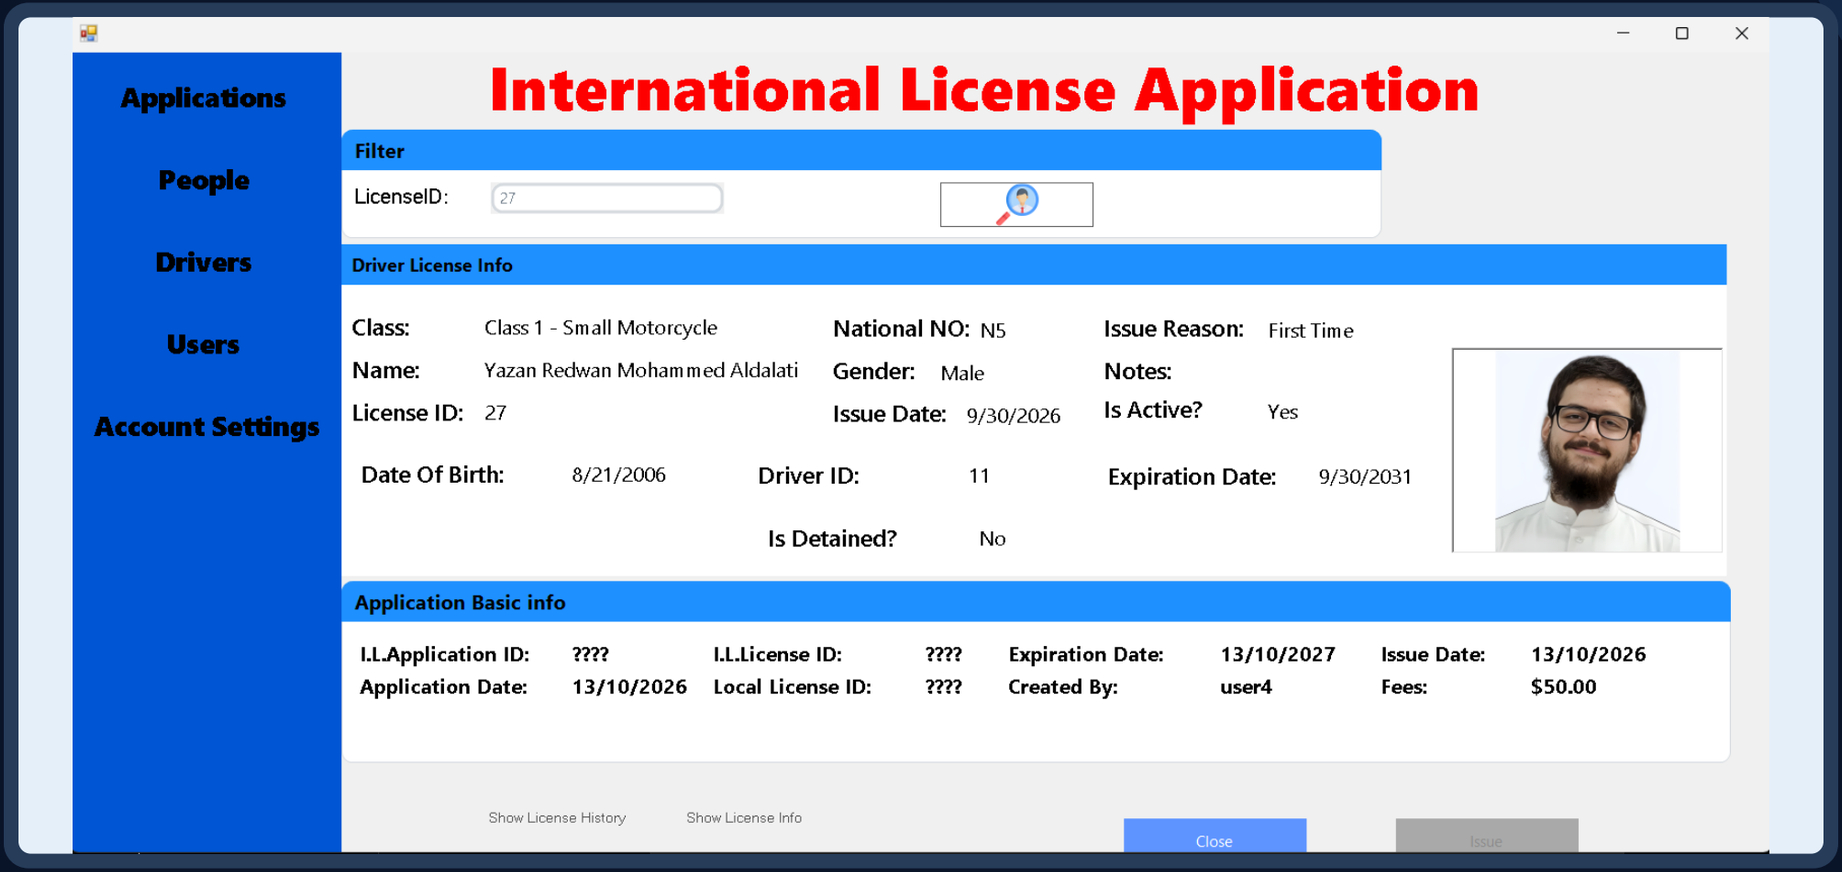

Identity-first workflow

Person lookup and identity verification during application entry.

International licenses

Cross-border license issuance

License lookup, eligibility information, and issuance workflow.
